

## Battery Super Reviver BSR – BRIEF OVERVIEW

### Support / Repair Kit

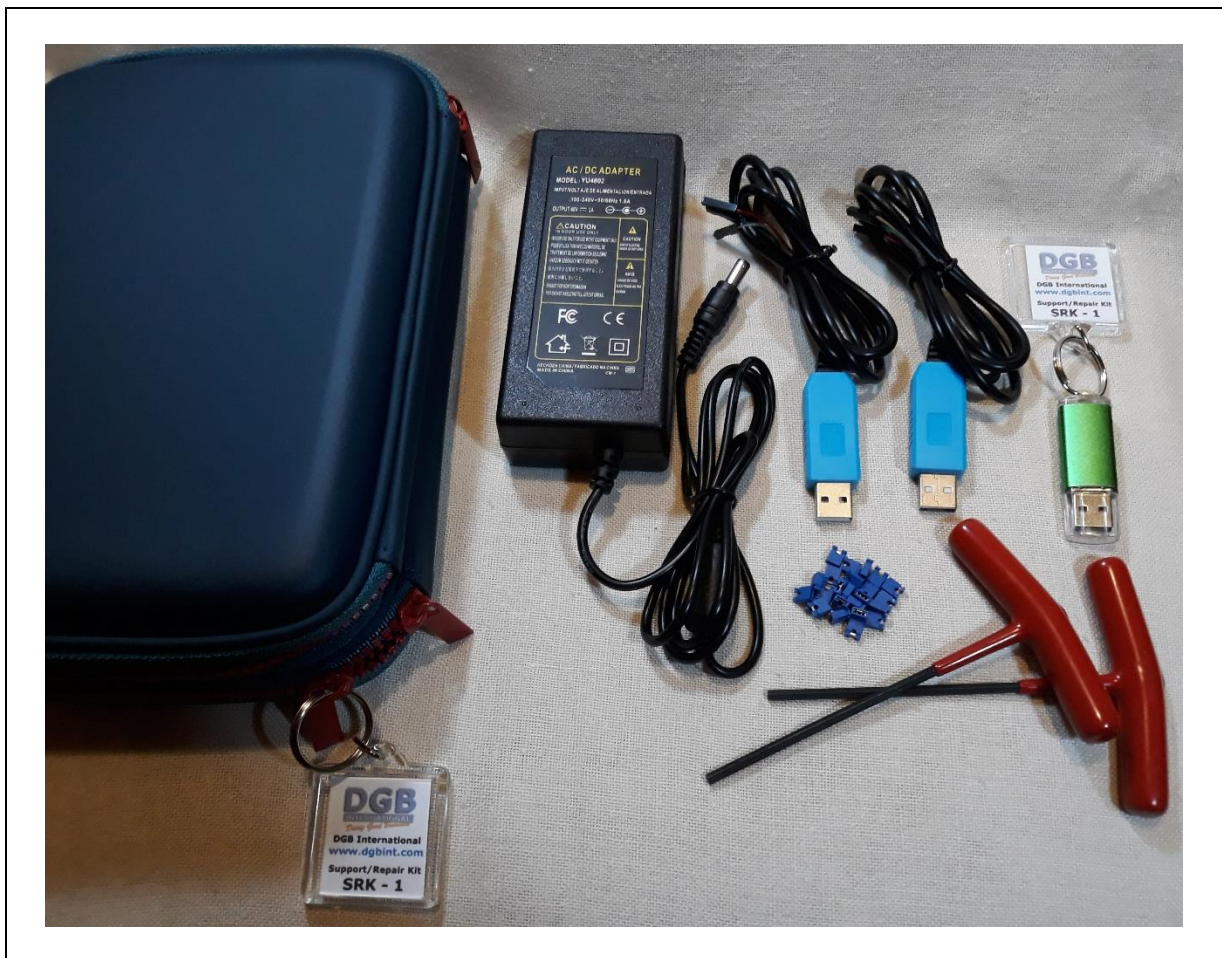

### SRK-1 SRK-1 PLUS

DGB International ( [www.dgbint.com](http://www.dgbint.com) ) in Melbourne, Australia, manufactures an instrument known as "Battery Super Reviver" ( BSR ).

The BSR is designed specifically to revive Segway ( [www.segway.com](http://www.segway.com) ) format Li-ion battery packs.

The BSR is an intelligent microprocessor based product.

This Support / Repair Kit will enable a skilled electronics technician to perform factory style diagnostics and some basic repairs to a BSR.

In addition to this SRK-1, a user will need:

- A computer.  
We suggest and support a Windows 10 PC.
- Standard lab tools, screwdrivers etc.

**This SRK-1 contains:**

Item	Description	SRK-1	SRK-1 PLUS
1	Documentation ( both hard copy and soft copy ). Test modes. Diagnostics Factory Reset. Assign S/N. Add tokens.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2	Terminal Hardware 2x sets Documentation.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
3	Miscellaneous Items 20 x Spare shunts ( to set options ) 20x Void stickers 2x Spare Power Connectors 2x Spare T handle 1x Spare Power Unit	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
3	Battery Super Reviver ( BSR )		<input checked="" type="checkbox"/>

Users may optionally purchase either:

- SRK-1 ( just this support / repair kit )
- SRK-1 PLUS ( this support / repair kit PLUS a BSR )
